Dear Sirs,

we have the pleasure to confirm our long lasting and successful cooperation with your company. For years now, quite a number of our products have been tested and applied on your spray equipments e.g. Icosit TS 687 on Duomix 333 to our complete satisfaction.

With pleasure, we will recommend your products to our customers if we are asked for recommendation.

Yours faithfully

Sika Korrosionsschutz GmbH

ppa. Manfred Baur
